AMARILLO SANDIES COMMUNITY CONNECTORS

Presented by:

CONNECTING WITH Coach Chad Dunnam

Q. Who is your Community Connector? How are they involved with the program/community?

"Our Community Connector is Josh Sluder, President of the Amarillo High Football Booster Club. This is a volunteer position that requires selfless service to our football program and Amarillo High community."

Q. What do you talk to your team about when you talk about representing your community and how is your team involved in the community?

"We believe in community based athletics. We believe that our football program provides a platform for our young men to represent our school, our football program, our families and our community. We believe that in football, similar to other team sports, one must be unselfish and buy in on the team aspect of sports. Every individual must do their job well in order for the team to be successful. We realize that our young people will not play football forever but we believe that our experiences in football will teach us to have a servant heart and develop us as servant leaders in our community."

Q. Why is it important to teach your young men about giving back and being good stewards?

Just as Optimum has been a source of keeping the community connected through its award-winning high-speed internet, Dave Campbell's Texas Football has been a "bible" source for millions of football fans across the Lone Star State.

During this year's Texas high school football season, Optimum is keeping score on local individuals who are making a difference in their community. As a result, Optimum is proud to have partnered with Dave Campbell's Texas Football to do so. Leveraging Dave Campbell's insight and expertise in scouting, Optimum's partnership with Dave Campbell's Texas Football is nothing short of a "winning connection." The partnership enabled the creation of the Community Connector Award in order to celebrate the achievements of community difference makers year-round – both on and off the field.

Optimum is proud to recognize

Josh Sluder

for his contributions
to the community

Optimum is a proud founder of this award as it celebrates committed students, teachers and parents who stay connected in their community and honor them for their generous hard work and support to make their community a better place.

"Our community gives a great deal to our school and athletic programs. We have tremendous support from our community. As we develop our young people into great men, it is vitally important that we teach our young people to appreciate what our community does for our program and school and that they must learn to be givers in our community as well. We believe that the Amarillo High Athletic Programs are a vehicle that allows thousands and thousands of people to see what our school is all about and what type of kids, coaches, teachers and administrators our school is made up with. The way we represent our school in our community is a direct reflection of our school."

Q. What is unique about your school and community?

"Amarillo High School is a great high school. We have a rich tradition in our academic programs, fine arts programs and athletic programs. We have great community support in all of our programs at Amarillo High School. We strive for excellence in all we do at Amarillo High School. Our students, student-athletes, coaches, teachers and administrators all have a standard of excellence that we strive to meet on a daily basis."

Q. What does staying connected to the community mean to you?

"Staying connected in the community" means that in order to stay connected, one must get involved in community activities. One must take a great deal of pride in the community and invest in the community with selfless service."
